

# Contour Reflection / Rubric

Name:

Block#:

**Use Complete Sentences on your responses!**

1. Why is blind contour important to observational skills?
2. How is observation different between blind contour & full contour?
3. Where was your eye supposed to be when your pencil was moving?
4. Which type of line were you **looking** at, and what type of line were you **drawing** with in contour drawing. Be sure to explain **how** do you know this?
5. What did you find difficult to do in this assignment and why?

**Scoring - Use a scale of 1 to 5 for each question.**

	YOU	Mr. K.
Did you use a solid line, no sketching?		
Did you properly observe the edges of you hands, with lots of details?		
In Blind Contour, is there no evidence of looking down at your drawing?		
In Full Contour, is there evidence of corrections in your drawing?		
Did you show overall improvement in your drawings?		
Did you fully participate in the drawing / critique process in class?		
Did your answers from #1 - #5 above show an understanding of contour drawing?	5 Points Possible	

**Total:** 35 Points Possible
