

# Proportion Homework

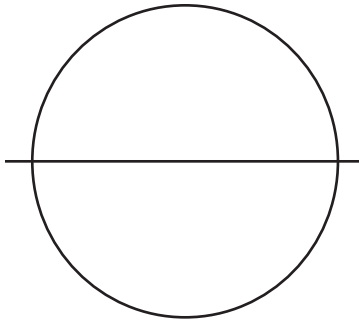

Name: \_\_\_\_\_

Block#: \_\_\_\_\_

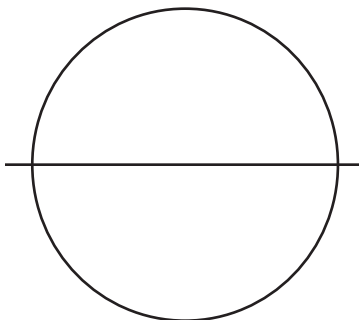

In the spaces below, create the facial feature asked for. Fill the spaces, and remember to sketch from *observation*, not *imagination*! Use a different model for each facial feature. These drawings will take at least one hour to do correctly, so be sure to do a few a day, that's why you have a full week to get them done!

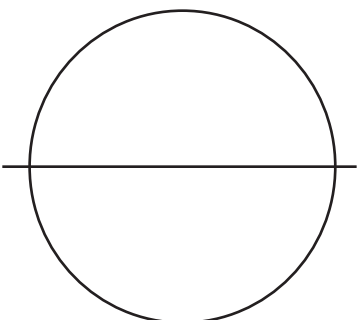

**Adult Right Eye**

**Adult Left Eye**

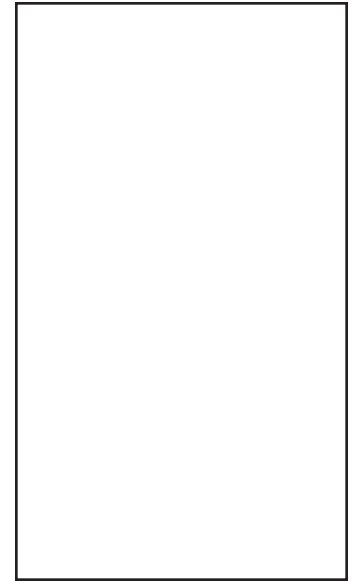

**Child Right Eye**

**Child Left Eye**

**Adult Nose**

**Child Nose**

**Adult Mouth**

**Child Mouth**

**Remember to draw  
from observation  
& take your Time!**

**Due:** \_\_\_\_\_
